About Shodhgangotri

Repository of Research in Progress/Synopses MRPs/PDFs/Emeritus Fellowship

The word "Shodh" originates from Sanskrit and stands for "research and discovery". "Gangotri" is one of the largest glaciers in the Himalayas and the source of origination of the Ganges, the holiest, longest, and largest of rivers in India. The Ganges is the symbol of age-long culture, civilization, ever-aging, ever-flowing, ever-loving, and loved by its people.

Under the initiative called "ShodhGangotri", research scholars/research supervisors in universities are requested to deposit an electronic version of the approved synopsis submitted by research scholars to the universities for registering themselves for the Ph.D. programme now it is expanded to MRPs/PDFs/Emeritus Fellowship, etc. The repository on one hand would reveal the trends and directions of research being conducted in Indian universities, on the other hand, it would avoid duplication of research. Synopsis in "ShodhGangotri" would later be mapped to full-text theses in "ShodhGanga". As such, once the full-text thesis is submitted for a synopsis, a link to the full-text theses would be provided from ShodhGangotri to "ShodhGanga".

Repository of Research in Progress

Welcome to ICSSR Data Service

The "ICSSR Data Service" is culmination of signing of Memorandum of Understanding (MoU) between Indian Council of Social Science Research (ICSSR) and Ministry of Statistics and Programme Implementation (MoSPI). The MoU provides for setting-up of "ICSSR Data Service: Social Science Data Repository" and host NSS and ASI datasets generated by MoSPI. Under the initiative, social science research institutes, NGOs, individuals and others dealing with social science research are also being approached to deposit / provide their research datasets for hosting into the repository of ICSSR Data Service. The ICSSR Data Service includes social science and statistical datasets of various national-level surveys on debt & investment, domestic tourism, enterprise survey, employment and unemployment, housing condition, household consumer expenditure, health care, etc., into its repository.

ICSSR Data Service aims to facilitate data sharing, preservation, accessibility and reuse of social science research data collected from entire social science community in India & abroad. The Information and Library Network (INFLIBNET) Centre, Gandhinagar has been assigned the task of setting-up the data repository.

The screenshot displays the VIDWAN website, an expert database and national researcher's network. The header includes the VIDWAN logo, navigation links (HOME, ABOUT US, DOWNLOAD, LOGIN, REGISTRATION, FEEDBACK), and project logos (An MHRD Project, National Mission on Education through ICT (NME-ICT)). The search bar shows 'Nirma University' with a search button. Below the search bar, there are filters for 'Expertise' and 'WOS Subject'. The 'Expertise' filter lists various fields like Analytical Chemistry, Architecture, etc. The 'WOS Subject' filter lists categories like Arts and Humanities, Biological Sciences, etc. The search results show 'No. of Results Nirma University (89) in 15 ms'. A list of experts is displayed, including 'Dr. Nirbhaya Kumar Indrayan', Professor, Expert ID : 24856, with a 'Law' specialization. A blue overlay on the right side of the image contains a list of features:

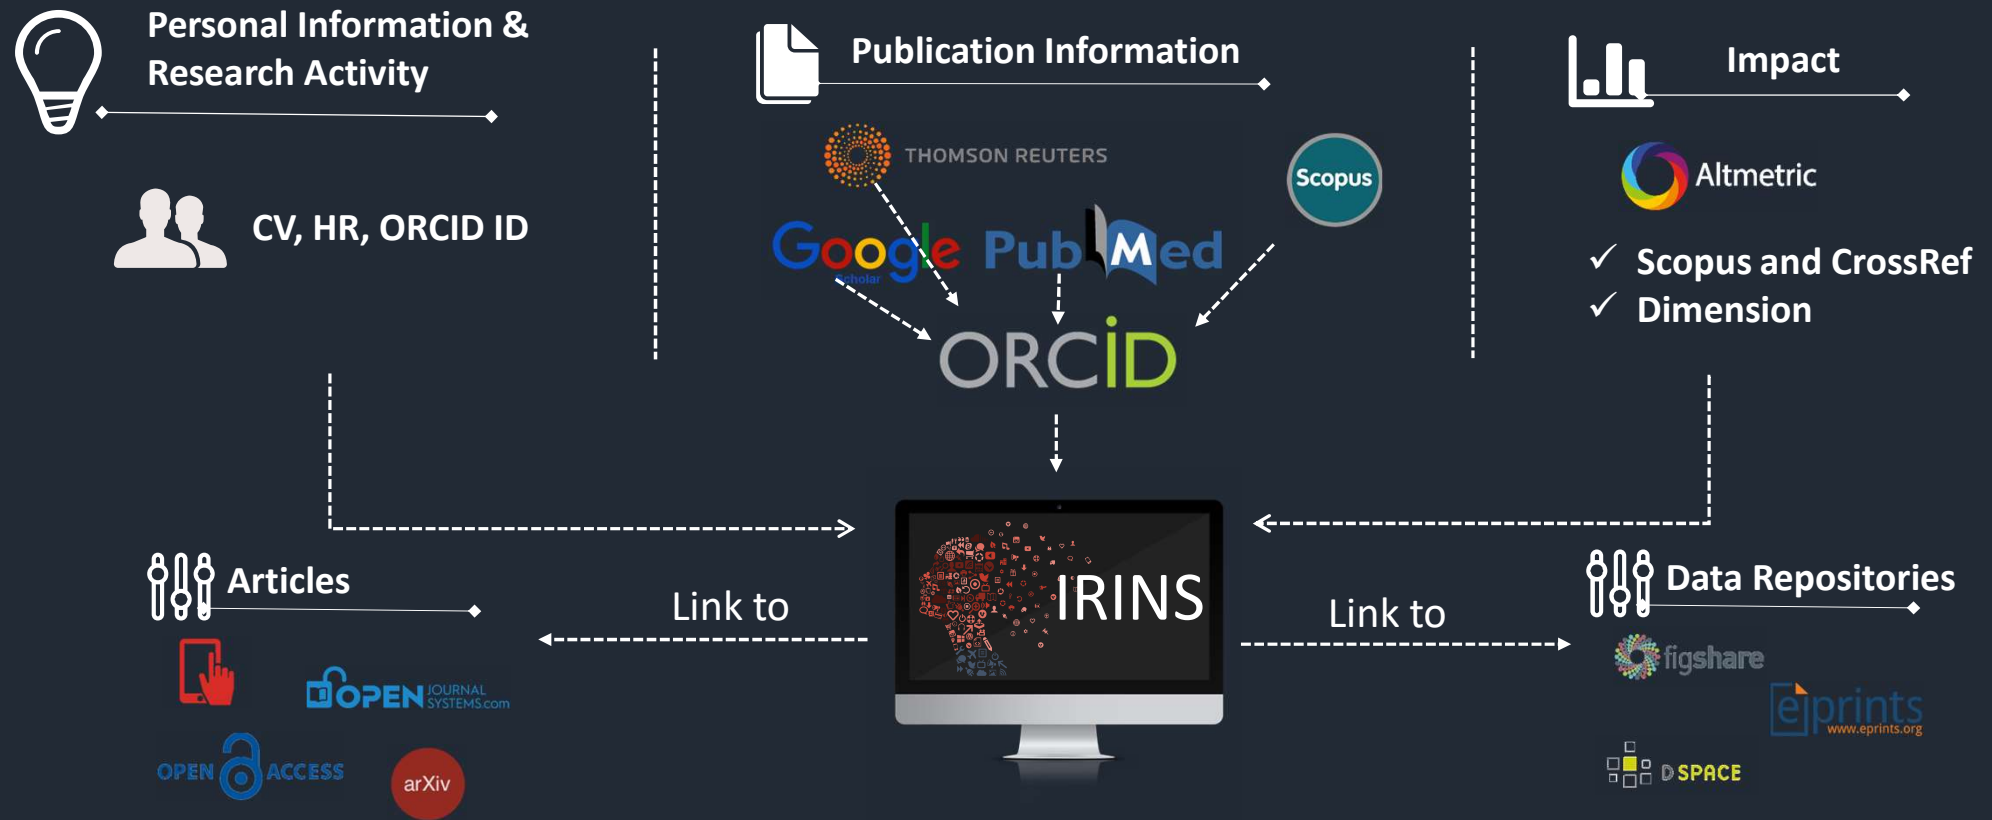

- ✓ 1,40,000+ experts
- ✓ 13000 organization including academic and R&D organization
- ✓ Categorized as per WOS
- ✓ Integrated with **ORCID** for publication update
- ✓ Integrated Altmetrics
- ✓ Co-author network
